

Periodic Table Trends Prelab

- You must make a collage of pictures from the internet or magazines that shows what you will do in the lab (If you would like to draw them that is fine, but draw them in color).
 - Must show STEP BY STEP what you are going to do...in order!
 - Must show things like the equipment, what you will do with it, etc.
 - Must use multiple pictures!
 - For each picture include a ONE SENTENCE explanation of the step.
 - Your final collage should take up the whole page!

For example:

Gently sand the piece of Magnesium Ribbon

Periodic Table Trends Prelab

- You must make a collage of pictures from the internet or magazines that shows what you will do in the lab (If you would like to draw them that is fine, but draw them in color).
 - Must show STEP BY STEP what you are going to do...in order!
