The Density of Pennies

The composition of pennies has changed over time. According to the U.S. Mint,

☐ Weigh 10 **PRE-**1982 pennies. **Record this mass.**

Pennies dated 1962-1982: Pennies dated 1982-present:

Composition: 95% copper, 5% zinc Composition: 97.5% zinc, 2.5% copper

Density of pre-1982 penny = 8.87 g/mL Density of post-1982 penny = 7.19 g/mL

PURPOSE: The purpose of this lab is to determine the densities of pre-1982 and post-1982 pennies.

EQUIPMENT and MATERIALS: Electronic Balance, Pennies (10 pre-1982 and 10 post-1982), Graduated Cylinder (100mL), water **PROCEDURES:**

Tilt the cylinder and gently slide all ten pennies into the water.	
☐ Read the volume of the water and the pennies together	. Record this volume.
☐ Calculate the volume of the pennies alone by subtracting	g 50 mL from the final reading of the water level.
Record the volume of the pennies by themselves.	- -
\square Use the recorded mass and volume of the pennies to <u>ca</u>	<u>lculate density</u> .
Use the accepted values for density, provided by the U.S. Mint, to calculate your percent error for density.	
Repeat steps 1-7 with ten POST- 1982 pennies.	
OBSERVATIONS/DATA:	
PRE-1982 Pennies	POST-1982 Pennies
Mass of 10	Mass of 10
pre-1982 pennies	pre-1982 pennies
Volume of	Volume of
pennies + water	pennies + water
Volume of JUST pennies = (Volume of pennies + water)	Volume of JUST pennies = (Volume of pennies + water)
– 50 mL of water	– 50 mL of water
CALCULATIONS: (SHOW ALL WORK!!! BOX YOUR FINAL ANSWER	
Calculate the density of PRE-1982 pennies	Calculate the density of POST-1982 pennies
Calculate the % error for the density of PRE-1982 pennies	Calculate the % error for the density of POST-1982 pennies
Calculate the % error for the density of PRE-1982 pennies	Calculate the % error for the density of POST-1982 pennies
Calculate the % error for the density of PRE-1982 pennies	Calculate the % error for the density of POST-1982 pennies
Calculate the % error for the density of PRE-1982 pennies	Calculate the % error for the density of POST-1982 pennies
Calculate the % error for the density of PRE-1982 pennies POST-LAB QUESTIONS	Calculate the % error for the density of POST-1982 pennies
