

1. **Pick three of the following:**
 - Haiku, Cinquain, Limerick, or
“Copy change” (instructions for each are on p. 9)
2. **Write three poems using what you picked above. One poem for each topic:**
 - Lewis structures with single bonds
 - Lewis structures with double bonds
 - Lewis structures for ions
3. **Make sure to label which poem is which! Tell me which topic each one is for**
4. **Include actual CONTENT! It should have INFORMATION in it! 😊**
