

Electron Configuration - Class Practice

| Element Name | # of electrons | Electron Configuration |
|--------------|----------------|------------------------|
| Phosphorus | | |
| Sulfur | | |
| Bromine | | |
| Neon | | |
| Lithium | | |
| Strontium | | |
| Aluminum | | |
| Argon | | |
| Helium | | |
| Fluorine | | |
| Nitrogen | | |
| Potassium | | |
| Beryllium | | |
| Calcium | | |
| Iodine | | |
