

Electron Configuration Rules Summary Chart

You do not have to print this page – just copy the table onto your paper. Use the entire paper, nice big boxes, this is the only thing going on the page. In the Written Summary box – explain the rule in your own words. In the Visual Summary box – draw a visual that explains the rule. Add a minimum of three colors to the Visual Summary.

Rule	Written Summary	Visual Summary
Aufbau Principle		
Pauli Exclusion Principle		
Hund's Rule
